

DA
CREATIONS ATELIER

THE FOUNDER'S MESSAGE

DANIELA ANGELONI - CEO

"I grew up with a love for art and the attention to detail that is characteristic of Italian goldsmithing tradition. With DA Creations, I wanted to create an Atelier that combines this heritage with the infinite possibilities offered by digital innovation. Our goal is not simply to produce jewelry, but to become a reliable partner for designers and brands who wish to transform ambitious ideas into reality. Every project that enters our workshop is treated with the same passion and care as a work of art: with precision, transparency, and a strong sense of responsibility."

OUR STORY

FROM TRADITION TO INNOVATION

DA creations bridges the timeless art of Italian goldsmith with the cutting-edge possibilities of digital age. Once defined by hands, tools and fire, our craft now thrives alongside 3D software, optimized processes, and advanced technology. We honor the soul of our heritage while embracing innovation, collaborating with those who share our passion for creating unique, “Made in Italy” masterpieces.

OUR PHILOSOPHY

CRAFTING THE FUTURE WITH TRADITION

At DA Creations Atelier, we preserve our roots in tradition and craftsmanship, using them as a foundation for innovation rather than replacement. WHERE ARTISAN TRADITION MEETS DIGITAL
